

SEMESTER SERENADE

Oh how about a screw vac
Before we have our stew vac?
And wot about a pot vac
Before we have our swot vac?
Then let us have a cram week
Before we have exam week.
Next let us have a rest week
Recovering from our test week.
That only leaves us two weeks
(And two weeks aren't too few weeks)
In which we may dispose of
Rows and rows and rows of
Lectures and tutorials,
Seminars and practicals -
For second term is such a bore:
Let's not have it any more!
